Service Plans

Our service plans are designed to meet your individual needs. We offer two types of preventative maintenance. Our technicians service all brands of equipment including Ruud, Rheem, Carrier, Trane, York, Bryant, American Standard, Lennox, etc. All of our service plans include maintenance twice a year on your existing equipment. Routine maintenance will:

- Prevent future service calls, or surprise repair bills
- Prolong the life of your equipment
- Reduce utility costs
- Get the most efficiency out of your system
- Enjoy Piece Of Mind

Reasons For Poor Inside Air Quality

Task Maintenance & Repair Plan

- Fall and spring maintenance check.
- 10% off parts repair
- Priority Service
- 10% off all upgrades (thermostats, humidifiers, etc)
- No diagnostic fee

Task Routine Maintenance Plan

- Fall and spring maintenance check
- \$85.00 Diagnostic fees applies on service calls (non-warranty related)

Indoor Air Quality

Do you have an excess amount of dust, stuffy rooms, musty odors, sneezing, or dry skin? Humidification, proper filtration, UV lights, Electronic Air Cleaners, or proper ventilation will eliminate these issues. As a maintenance and repair customer saving 10% on an Indoor Air Quality installation will make the difference in the air you breathe and the level of comfort in your home.
